

CHRISTIAN MISSION SERVICE

Serving children since 1957

Annual Report

April 2024 - March 2025

PROVIDING CARE AND PROTECTION TO 4,300+ CHILDREN

www.cmsi.org.in

Our new initiatives

in the forth-coming academic year

KINDERGARTEN, THADIKARANKONAM

A new Kindergarten Unit was established at Thadikarankonam, Kanyakumari, on 2 June 2025, expanding CMS's early childhood education initiatives. The centre provides a nurturing environment that supports the learning, development, and well-being of young children during their formative years.

KIRUBA TUITION CENTRE, PALLICKAL

The Pallickal Kiruba Tuition Centre was inaugurated on 1 August 2025, extending CMS's educational support to children in the community. The centre provides after-school academic assistance and a supportive learning environment to help students improve their educational outcomes.

FROM CHAIRMAN'S DESK

Dear Well-Wishers,

I am delighted to send you the Annual Report of the Christian Mission Service prepared by Dr Newton Isaac, the CEO, and his team for the year 2024-2025. For nearly seven decades, CMS has remained committed to serving children, families, and vulnerable individuals with compassion, dignity, and purpose. What began as a response to immediate need, a decade after India's Independence, has grown into a mission that continues to transform lives across multiple states in India through education, nutrition, healthcare, protection, and community support.

This year has been a meaningful reminder that our responsibility extends beyond providing shelter or assistance. CMS' work is about creating a caring environment where children feel valued, where young people discover hope, and where individuals who have experienced hardship are given the opportunity to rebuild their lives with confidence.

As an organization, we continue to strengthen not only our programmes, but also through the values that define us – love, service, justice and freedom. The commitment shown by our staff, many of whom once received care through CMS, reflects the lasting impact of this mission. Their dedication demonstrates that when care is given with sincerity and fairness in an atmosphere of joyful freedom and discipline, they can shape generations.

We are equally encouraged by the trust of our partners, sponsors, and supporters whose continued faith allows this work to grow. Every generous contribution, whether through resources, time, or prayer, has played a part in the progress reflected in these pages.

While this report captures the milestones of one year, it also represents something deeper – the shared belief that every child deserves love, safety, opportunity, and a future filled with possibilities. On behalf of the Board, I extend my sincere gratitude to everyone who continues to walk with us on this journey.

With appreciation,
Dr. Ajit A. Prasadam
Chairman

A LETTER FROM CEO

Dear Friends and Partners,

The past year has been one of steady progress, meaningful learning, and renewed commitment for Christian Mission Service. Across our residential and community-based programmes, our focus has remained clear – to ensure that every child entrusted to our care receives not only protection, but also the support needed to grow into a confident and self-reliant individual. Thanks to each of our donors and partners.

Throughout the year, we continue to focus on strengthening educational support at every level, from early childhood learning to higher education and vocational training. Children in our care benefited from improved academic guidance, digital learning opportunities, life skills, career counselling, and structured mentoring that helped prepare them for life as the core to be self-reliant and responsible citizens.

Healthcare and protection to ensure well-being remained central to our work. Regular balanced diet, medical care, nutritional monitoring, mental health support, and preventive health programmes were integrated across our centres to ensure that children could thrive physically and emotionally in safe and nurturing environments. Azim Premji Foundation, our CSR partner played a very important role in ensuring nutrition and health care to the children.

Our non-residential programmes also continued to expand their reach. Day Care Centres, Tuition Centres, Family Support and Community Outreach Services enabled us to support vulnerable children beyond institutional care and strengthen families within their own communities.

At the same time, we invested in the 300 plus staff who make this mission possible. Through staff development, stronger partnerships, and improved systems, we have continued building an organization that can respond more effectively to the changing needs of those we serve. The achievements reflected in this report are the result of a collective effort – staff, volunteers, partners, donors, and well-wishers who believe in the work of directors and member of CMS. Your support continues to make transformation possible.

As we move forward, our commitment remains unchanged; to serve with compassion, act with responsibility, and create lasting impact in every life we touch.

Warm regards,
Dr. Newton Isaac
Chief Executive Officer

ABOUT CMS

Since 1957, Christian Mission Service (CMS) has been dedicated to transforming lives through compassionate care and empowerment. As a philanthropic organization, CMS supports children in need of care and protection, children with physical disabilities, and underprivileged elderly citizens.

Our aim is to educate, nurture, and empower every child under our care, enabling them to build a brighter future. Through our programmes across six states—Tamil Nadu, Andhra Pradesh, Karnataka, Kerala, Maharashtra, and West Bengal—we remain committed to creating lasting opportunities and positive change in the communities we serve.

All the homes, the care centres and the hospital provide care to those in need regardless of their caste or religion. Today, CMS supports 5,036 children and adults through the dedication of more than 300 committed staff members, many of whom are proud CMS alumni who have returned to serve and contribute to this shared vision.

Our Vision

To demonstrate the love of Christ in the service and care of poor children

Our Mission

To serve destitute children by meeting their needs and giving them holistic care with the view to making them self-reliant and responsible citizens.

Executive Summary

The reach and impact of CMS programs

From April 2024 to March 2025, CMS operated 49 centres, serving 5,036 children, young adults, and senior citizens across Tamil Nadu, Karnataka, Kerala, Andhra Pradesh, Maharashtra, and West Bengal. We are committed to providing a safe, nurturing, and supportive environment that promotes the physical, emotional, and educational well-being of every individual under our care.

Child Care Institutions (CCIs)	CMS provided care and protection to 2,046 children through forty-one (41) Child Care Institutions (CCIs) – 22 for boys and 19 for girls – registered under the “Juvenile Justice (JJ) Act 2015”. In addition, several homes in Kerala and West Bengal were registered under the “Board of Control of Orphanages and Other Charitable Homes” and licensed in accordance with “The Women's and Children's Institutions (Licensing) Act, 1956”.
Industrial Training Institutes	CMS provided vocational training to fifty (50) boys and thirty-six (36) girls through its Industrial Training Institutes in Azhagiapandipuram, Kanyakumari District and Vinoba Nagar, Tirunelveli District respectively.
Day Care Centres	Approximately 809 children were provided with structured early childhood care and learning through seven (7) Day Care Centres in Tamil Nadu, Kerala and Andhra Pradesh.
Kiruba (Tuition) Centres	Through its Kiruba (meaning "Grace") Tuition Centres, CMS provides academic support and developmental programmes to 457 children.
Senior Citizen Home	CMS extended care to ten (10) women, over 65 years of age, through the home for Senior Citizens in Puthenkada, Kanyakumari district.

Executive Summary Continued...

School Education	Approximately 594 children are enrolled in CMS educational institutions, including 108 students (57 boys and 51 girls) in the CMS Primary School at Vaniyambadi, Thirupathur District, and 486 students (250 boys and 236 girls) in primary and secondary education (Standards 1-10) at Christian Welfare High School, Thadikarankonam, Kanyakumari District.
Opening of Kindergarten School	CMS has started a kindergarten pre-school education for 3-5 year old children in Thadikarankonam, Kanyakumari District to prepare them for formal education.
Aftercare Programme and Community Support	CMS supported 132 young adults pursuing professional studies in colleges and universities under the “External Education Programme.” Under community engagement initiative, CMS provided monthly groceries, blankets, and medical support to 150+ underprivileged families.
Family Foster Care	Under family-based care, support was provided to children with physical and intellectual disabilities through monthly financial assistance to their families.
Community Health Program	CMS provides year-round medical care through its Ingrid Kowski Clinic to people living in five surrounding villages in Coonoor, Nilgiris District.

Quality Education

The education programme focuses on improving academic performance, life skills, and holistic development. Skills in reading, writing, numeracy and listening were strengthened through regular sessions, while structured evaluations ensured consistent academic tracking and remedial classes for children who are academically weak.

To support diverse learning needs, regular tuition classes and subject-specific online coaching is conducted. Children from Classes 10–12 participate in the online tuition classes, while specialised sessions in spoken English, grammar, computer skills, and music enrich the overall academic experience. Life skills, memorisation techniques, and career guidance were also provided, especially for senior students preparing for board exams. During the reporting year, around 320 needy children were admitted into the Child Care Institutions (CCIs), with admissions facilitated by the Child Welfare Committees (CWCs) and Child Protection Officers.

Quality Education Contd...

- Children received essential educational and health support, including uniforms, textbooks, stationery, vaccinations, and hygiene materials to ensure their overall well-being and school readiness.
- Focused academic support improved foundational learning skills in reading, writing, listening, and speaking across multiple languages. Parent engagement through regular meetings strengthened children's educational progress and development.
- Children also participated in extracurricular and vocational activities such as arts, crafts, and soft skills training, contributing to their holistic growth. Career guidance programmes for students completing Grades 10 and 12 helped them make informed decisions regarding higher education, employment, and aftercare opportunities.
- Close coordination with Child Welfare Committees (CWCs), District Child Protection Officers (DCPOs), and local authorities ensured timely identification and support for children in need of care and protection.

Students from Andhra Pradesh pursuing various courses under Aftercare Program

Academic Progress

School - Class 12

Education remained a key focus area for CMS during the academic year 2024-2025. Through consistent academic support and monitoring, students achieved outstanding results across Standard 12.

Achievements

Standard 12 achieved an excellent 99.31% pass rate.

Academic Performance of 12th Standard

Academic Progress Contd...

School - Class 10

Education remained a key focus area for CMS during the academic year 2024-2025. Through consistent academic support and monitoring, students achieved outstanding results across Standard 10.

Achievements

Standard 10 recorded a proud 98.84% pass rate

Academic Performance of 10th Standard

Academic Progress Contd...

ITI for Boys - Azhagiapandipuram

- Practical examinations for all the Trades were conducted successfully by National Council for Vocational Training (NCVT).
- Career exposure and placement opportunities were strengthened through campus interviews and industrial collaborations.
- Under the Tamil Nadu Government's Tamil Pudhalvan Scheme, first-year trainees received monthly financial assistance.
- Trainees also received support through Aadhaar enrollment services, distribution of bicycles and shoes under government welfare schemes.
- Active participation in regional sports competitions, where many trainees secured prizes and recognition.
- Awareness programmes on substance abuse were conducted

Health and Nutrition

- CMS has achieved strong outcomes in ensuring the overall health and nutritional well-being of children under its care. A consistent provision of balanced, nutrient-rich meals, along with iron and multivitamin supplementation, milk, and eggs, has contributed to 90% of children maintaining age-appropriate height and weight, reflecting positive growth and development.
- Regular and structured medical check-ups—including vision, dental, ENT, and general health assessments — have enabled early identification and timely treatment of health concerns. Awareness programmes have strengthened children’s understanding of preventive healthcare, leading to improved health-seeking behaviour. Children requiring advanced care have been promptly referred to appropriate healthcare facilities, with continued emotional support during treatment.

Health and Nutrition

Contd...

- Health and nutrition initiatives focused on improving hygiene awareness, menstrual health management, emotional well-being, and healthy lifestyle practices among children and adolescents.
- Counselling sessions on stress and anger management supported children in developing emotional resilience and healthy coping mechanisms.
- The organisation maintained 100% immunisation coverage, including booster doses, along with regular deworming, health check-ups, and medical interventions to ensure children's overall well-being.

Care and Protection

- Comprehensive child protection measures were implemented across all Child Care Institutions (CCIs) to ensure a safe, secure, and nurturing environment.
- Safety measures included regular maintenance of infrastructure, fire drills, emergency preparedness, and compliance with statutory requirements such as the Juvenile Justice Act, fire safety regulations, sanitation standards, and food safety certifications.
- Awareness programmes on child rights, child protection, cyber safety, substance abuse prevention, and child marriage prevention equipped children and families with essential knowledge and protective behaviours.
- Children's daily routines, nutrition, hygiene, education, recreation, and emotional well-being were closely monitored. Counselling, aftercare support, peer group activities, and career guidance helped children transition confidently into adulthood.
- Children's Committees and Home Management Committees encouraged leadership, participation, and self-representation among children.

Care and Protection Contd...

CCI Activities and Achievements

- CCIs collaborated with internal departments, CWCs, and District Child Protection Offices to strengthen education, discipline, and child protection systems.
- Children actively participated in sports, cultural, literary, and arts competitions at district, state, and national levels, winning medals and certificates in athletics, kho-kho, kabaddi, volleyball, and other events.
- Educational support initiatives such as Illam Thedi Kalvi classes, dental camps, and eye check-up programmes enhanced children's learning and health outcomes.
- Educational tours and monthly birthday celebrations created enriching learning experiences and encouraged social interaction and talent development.

Reintegration and Career Support

- Children willing to reunite with their families were successfully reintegrated following due procedures in coordination with CWCs and DCPOs.
- Career guidance and counselling programmes were conducted for boys and girls in collaboration with technical institutions and child protection authorities, supporting future education and employment planning.
- Girls' homes were equipped with incinerators and hygiene kits to promote menstrual hygiene and dignity among adolescent girls.

Senior Citizens' Home, Puthenkadai

Key Interventions

- A team of doctors and nurses from the Government Hospital, Kuttakuzhy, conducted regular medical camp at the Senior Citizens' Home.
- Officials from Social Welfare Department periodically visit, review documentation, and provide valuable suggestions for the well-being of the residents.
- A solar water heater system was successfully installed to enhance the comfort and well-being of the residents.
- Arunachalam Higher Secondary School, a neighbouring institution, generously sponsored a solar street light.

Non-Residential Program

Day Care Centres

CMS Day Care Centres served children aged 3–5 years from needy communities, focusing on their holistic growth through a play-based learning approach. Activities were designed to prepare children for formal schooling while supporting their emotional, social, and physical development.

Evening Tuition

- Students attending tuition classes received academic support with homework, school examinations, and challenging subjects to enhance their learning outcomes.
- Provision of school bags, uniforms, and notebooks to support children's education.
- Promotion of health and hygiene through awareness programmes on personal hygiene and dental care.
- Provision of nutritious meals and snacks to support healthy growth and brain development.
- Creation of a safe and nurturing environment with psychosocial support and counselling when needed.
- Strengthening of language, communication, and numeracy skills through reading activities and interactive learning sessions conducted by trained teachers.

Non-Residential Program

Kiruba Centres

CMS operates evening tuition centres for children and youth aged 5–18 years from underprivileged communities, providing academic assistance and a safe, nurturing environment for personal development. These centres particularly support students who have limited access to educational guidance at home.

Key Interventions

- Provided daily academic assistance in core subjects, helping children complete homework and strengthen their understanding through interactive learning methods.
- Improved foundational skills in reading, writing, comprehension, and arithmetic using activity-based learning approaches.
- Conducted creative and co-curricular sessions such as arts, crafts, drawing, painting, and music to encourage self-expression and emotional well-being.
- Promoted hygiene, nutrition, and healthy living practices while providing nutritious snacks to children.
- Supported older students with remedial coaching, exam preparation, and dropout prevention initiatives.

Non-Residential Program

CMS Schools

Christian Welfare High School, Thadikarankonam

During the academic year 2024-25, the school served 486 students with the support of dedicated teaching and non-teaching staff.

- Special coaching classes were conducted for Grade 10 students to improve academic performance and examination readiness resulted in 100% result. The school also organized cultural, literary, sports, and national celebrations to encourage creativity, leadership, and active student participation.
- The school achieved remarkable success in athletics and team sports at district, zonal, and divisional levels, securing gold, silver, and bronze medals in volleyball, handball, kho-kho, swimming, and athletics.
- Regular medical and eye check-ups, iron supplementation, and deworming programmes were conducted to support the health and well-being of the children.
- The institution was also honoured by visits from the District Collector, Mayor, District Education Officer, and other government officials in appreciation of its contribution to education and child development.

CMS Schools Contd...

Primary School, Vaniyambadi

CMS Primary School, established in 2006 at the CMS Children's Home Campus, has grown steadily from 15 students to 108 children from both the CMS Children's Home and surrounding communities.

Key Interventions & Highlights

- Provided free and inclusive education for children from vulnerable and economically disadvantaged backgrounds.
- Strengthened learning opportunities through dedicated teachers and structured classroom support.
- Conducted regular awareness programmes for parents and children on important social issues such as child marriage, child labour, and substance abuse prevention.
- Provided breakfast and midday meals to improve children's nutrition, attendance, and classroom participation.
- Expanded educational access and community engagement, positively impacting children from both the institution and neighbouring villages.

Non-Residential Program

Aftercare Programme (Higher Education)

During the academic year, 132 students studied the following professional pursued various courses under the Support for Education and Empowerment (SEE) programme:

1. Professional Courses - B.E., B.Sc. Nursing, B.Pharm, B.Sc. Agriculture, B.Sc. Respiratory Therapy, OTT
2. Medical Sciences - Nursing, Ophthalmic Technology
3. Academic Studies (B.A., B.Com., B.Sc., BSW, BCA, BBA)
4. Theological Studies - B.D
5. Diploma Studies - DME, DCE, DEEE, DDME, Diploma in Agriculture

Non-Residential Program

Aftercare Programme (Higher Education)

Several students successfully completed their courses this year, with many securing employment or pursuing higher studies

Support for Education & Empowerment Programme

Community Engagement

- CMS extended support to 30 vulnerable adults, including widows, widowers, and individuals affected by illness, ensuring consistent care and assistance.
- Regular distribution of essential food supplies (2 kg of rice, provided daily or weekly based on need) helped meet their basic nutritional requirements and reduce food insecurity.
- Distribution of warm blankets during winter months improved protection and comfort, particularly for those most vulnerable to harsh weather conditions.
- Timely referrals to the Ingrid Koswki Clinic and nearby hospitals ensured access to appropriate medical care for those in need.
- Overall, the initiative contributed to improved well-being, dignity, and quality of life for beneficiaries by addressing both nutritional and healthcare needs.

Ingrid Kowski Clinic

The clinic served beneficiaries from multiple surrounding areas, including Attadi, Singara, Tiger Hill, Brooklands, Ambedkar Nagar, Alwarpet, and Quail Hill, as well as CMS staff and children—significantly expanding its community impact.

Total Beneficiaries:

- A total of 783 beneficiaries received medical check-ups.
- A total of 84 beneficiaries received dental check-ups.

Overseas Volunteer Program

- CMS hosted 12 international volunteers (11 from Germany and 1 from Switzerland) through the Weltwärts Programme, strengthening global collaboration and cultural exchange.
- The programme facilitated meaningful intercultural learning and international partnership building, enriching both volunteers and the CMS community.
- Volunteers made significant contributions to children's development through teaching (English, Arts & Crafts), organising games, and supporting daily routines such as school escorting.
- Their active engagement enhanced the learning environment, creativity, and overall well-being of the children, who responded with high enthusiasm and participation.
- Exposure to international volunteers improved children's confidence, communication skills, and cultural awareness.
- Volunteers gained hands-on experience in community service and grassroots development, deepening their understanding of social impact work.
- Field visits across Tamil Nadu and Karnataka, along with cultural exploration, enabled volunteers to develop a broader perspective on Indian society and traditions.
- Overall, the programme resulted in high satisfaction among volunteers and created a mutually enriching experience, reinforcing the value of continued international partnerships.

Our Partners

Indian Fostership Scheme - Expanding support across India

Under the Indian Fostership Scheme, CMS actively engaged with individuals and communities across India to share our mission and activities, with the aim of increasing growth and outreach. Currently 180 individuals are supporting 261 number of children under the IFS programme. These children receive the same care and protection as other children in CMS.

CMS continued to collaborate with donors, well-wishers, and churches.

Our Partners Contd...

Azim Premji Foundation - Health and Nutrition Programme

In January 2025, the Azim Premji Foundation approved a grant in partnership to CMS to ensure quality healthcare and nutritious food for healthy living. Through this initiative, 2,144 children from 41 child care institutions in Tamil Nadu, Kerala, Karnataka, Andhra Pradesh, and West Bengal benefitted from this grant.

The programme was designed to monitor and ensure that 100% of children received quality, nutritious, and well-balanced meals enriched with the necessary micronutrients to support their optimal health and well-being.

Key achievements during the reporting period includes:

- All children are given iron and multivitamin supplements, additional milk, and other dietary supplements to promote healthy growth and development.
- The growth of all children are monitored by recording height and weight for their age.

This collaboration not only improved the nutritional status of the children but also strengthened preventive healthcare measures, laying the foundation for a healthier and more resilient future.

Our Partners Contd...

A.V.Thomas & Co. Ltd.

In 2024, the online learning programme resumed for 294 students from Grades 10 and 12 across 17 CCI units, delivering over 350 live sessions in English and Mathematics with dedicated academic support. With continued partnership from A.V. Thomas & Co. Ltd. (AVT) for the second year, the programme extended beyond academics to support holistic student development.

Academic Achievements 2024 - 2025

The initiative strengthened education and healthcare support through qualified tutors, digital learning resources, distribution of 1,058 school bags, health check-ups for 2,124 students, and awareness programmes for adolescent girls. Staff development was also enhanced through training on Life Skills Education for 26 staff members in education, healthcare, and strategic planning, improving overall quality of care and learning outcomes.

Our Partners Contd...

Be My Buddy Foundation

Be My Buddy Foundation is serving Government Schools in the Nilgiris, by providing improved learning environment and educational initiatives. In partnership with Be My Buddy Foundation, we successfully enhanced digital learning opportunities for underprivileged children at Silverdale Boys' Home and Underfell Girls' Home.

The second year of the BMBF programme - focused on teaching essential coding skills and basic computer literacy. Over 100 children directly benefited, gaining hands-on experience with a variety of digital tools, including:

- Text Editor – Basic document creation and formatting
- Libre Office Draw – Introduction to graphic design and digital creativity
- Libre Office Impress – Presentation skills development
- Libre Office Calc – Basic spreadsheet management and data organization

The impact was remarkable. Many children progressed beyond the basics, learning to design websites, coding and work confidently with Microsoft Office applications.

Pilot Athletics Program

- In collaboration with philanthropist Bharati Jacob and Runners' High, CMS successfully introduced a structured athletics and fitness programme, promoting inclusivity and physical well-being for children from diverse backgrounds.
- A pilot athletics programme was launched for students of Grades 7 and 8 from Silverdale and Underfell, with daily training sessions conducted consistently, building discipline and routine.
- Participated in state level marathon race "Ooty Ultra Run 2025". This provided our children with valuable exposure to a large-scale competitive sporting event, featuring 938 runners from 19 states.
- CMS children successfully completed the 4-kilometre run, with 26 children winning medals, marking a significant achievement and boosting morale.
- Continued implementation of the programme is creating ongoing opportunities for all children in the home to engage in athletics and personal development.

Clubs supports us

The Rotary Club and the Lions Club members encouraged children's education and sponsored their educational expenses.

Rotary Club of Calcutta Yuvis is helping us in the following ways:

Higher studies support - 4 girls in 2024

1.Neha Majumdar - Diploma in Lab Technology

2.Ratri Mal - Diploma in Physiotherapy

3.Lakshmi Bera - Diploma in OT Technology 2025

4.Saraswati Bera - Bachelors in Operation Theatre Technology.

The educational expenses of these children were met including fees and other expenses.

Rotary

Lifelong Bonds, Lasting Impacts

CMS Alumni Association

- The CMS Alumni Association strengthened its network through 30 active chapters across six states, fostering sustained engagement and connection among former students.
- 16 chapters successfully conducted Annual Alumni Meetings, with participation from approximately 1,700 members, reflecting strong alumni involvement and commitment.
- Alumni made meaningful contributions as well-wishers, donors, and sponsors, supporting the organisation's ongoing initiatives and sustainability.
- Voluntary visits by alumni to Child Care Institutions (CCI), where they shared personal success stories, provided motivation, inspiration, and real-life role models for current children.
- The Alumni network continued to play a vital role in strengthening community spirit, mentorship, and long-term support, contributing significantly to the mission of CMS.

Staff Training

During 2024–2025, the programme focused on:

- Strengthening staff competencies in child care, protection, and child development practices.
- Improving understanding of legal compliance, documentation, and reporting systems.
- Enhancing programme management, monitoring, and accountability mechanisms.
- Building staff capacity in life skills education, counselling, and career guidance support for children.
- Promoting leadership, teamwork, staff well-being, and spiritual encouragement.

Key Outcomes

- More than 350 staff members were trained across multiple programme areas.
- Staff demonstrated improved knowledge of child protection laws, CMS standards, and compliance requirements.
- Documentation, MIS, monitoring, and reporting practices were strengthened across programmes.
- Teaching, caregiving, counselling, and child support services improved through enhanced staff skills.

Impact:

The programme contributed to improved quality of care, safety standards, and programme implementation across CMS institutions and community initiatives. Strengthened institutional systems and motivated staff supported the holistic development and well-being of vulnerable children and communities.

Success Stories

Lives Transformed Through Compassion
and Education

S. Guna – Serapattu Children’s Home

S. Guna, an alumna of CMS Children’s Home, Serapattu, overcame a difficult childhood marked by the loss of her mother and lack of family support. After joining CMS in the 6th standard, she received care, education, and encouragement that enabled her to excel academically, securing the highest marks among CMS students in her 12th standard. With the support of CMS and her foster parents, she pursued a Diploma in General Nursing and successfully completed her studies. Today, she serves as a nurse at the same Children’s Home where she grew up, giving back to the community that nurtured and transformed her life.

Evangelin Hemalatha P – Gundlupet Children’s Home

Evangelin joined CMS Home in 2008 as a first-grade student due to her family's severe financial hardship. With consistent care and educational support from CMS, she completed her Bachelor of Commerce in 2023. Today, she is employed as an Accountant at Sanas Foods LLP in Bangalore. Her journey is a testament to how sustained care, education, and encouragement can empower a vulnerable child to become an independent professional.
